

WE ARE HIRING RESEARCH ASSOCIATE (RA) POSITION

Department of Development and Sustainability is seeking a Research Associate (RA) in socio-environmental sustainability study who will hold a full-time one-year contract position with one month of probation. Candidate with strong quantitative research expertise is encouraged to apply.

HOW TO APPLY

Interested candidate, please submit your CV to Ms. Agnes Pardilla (agnes@ait.ac.th) And copy (cc) to Dr. Thi Phuoc Lai Nguyen (phuoclai@ait.ac.th)

DEADLINE OF APPLICATION

10 March 2022

TOR FOR RESEARCH ASSOCIATE (RA)

The selected RA will be responsible for:

- Quantitative analysis of data collected from two socio-economic surveys on air pollution impacts of vulnerable groups in the world of work and groundwater governance in urbanizing cities.
- Preparing the technical and financial report requested by the donor.
- Assisting the project PI in drafting policy brief and two scientific papers.
- Organizing and engaging relevant ministries, departments, and organizations in a national policy roundtable.
- Assisting the project PI in communication and correspondence with partners and stakeholders.
- Preparing communication/dissemination dossier for the project (incl. field photos, workshop collection).
- Coordinating the daily activities of the projects with PI and team.
- Assisting the PI in any other research activities if required.
